

WHAT IS LOOP LOVE AT CORK OPERA HOUSE? WHAT WILL HAPPEN IF I GET A TICKET?

EASY READ

My name is Yvon Bonenfant. I am an artist and teach at University College Cork. Our team made LOOP LOVE.

LOOP LOVE looks like this!
You make voice sounds into it
and then it plays them
back!

Using Loop Love looks like
this. There are microphones.
The sounds you make play
back to you in echos!

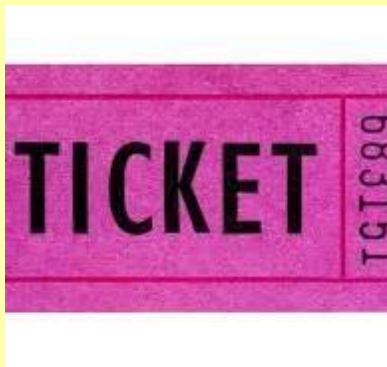

You usually use LOOP LOVE with Eva
or Saoirse! They are our vocal
facilitators. But sometimes with Yvon
too.

What is Loop Love for? Loop Love echoes your voice so that you can 'paint sounds' with it. You can hear yourself alone or in small groups. You make your own kind of voice art with Loop Love!

What happens if you get a ticket? You can get a ticket on the Opera House website.

You come to Cork Opera House at the time it says on your ticket, on Saturday 20 April.

The Opera House looks like this. You go to the brown doors you see here, surrounded by glass.

Friendly people will greet you inside the door, look at your ticket, and will take you upstairs to the Loop Love place, called the Elbow room!

You use Loop Love. Eva or Saoirse are there to help!

There is a nice place to relax and wait. You can bring loved ones with you, and they can relax nearby while you use Loop Love! There is also a special quiet space, and ear defenders if you need them. You can relax after!

When you're done, we show you the way outside.

We hope to see you at Loop Love at the Opera House!
